- Old pieces of Muslin Underwear, Gowns, Drawers, Skirts, Chemises, etc., at reduced prices.

L. S. Ayres & Co. Baldwin Pianos

The Baldwin Piano has come into general recognition as a strictly high-grade, beautiful instrument--worthy of the admiration of the artist. It was not built in a day, and not heretofore to the strictest scrutiny of professional pianists until every effort had been made to perfect it and bring it to the highest point that capital and long experience could attain. After years of study and development the great Baldwin house was willing to put its name to the piano as an exponent of the best work it could do. And it has every reason to be proud of it. In total qualities and in case architecture--in finish and quality of material employed--the Baldwin is absolutely first-class. We cannot express surprise at its success. Surprise would be due were it not successful.--Musical Times, April 8, 1896.

ART EMPORIUM,

Telephone 500.

Look here, upon this picture, and on this.

We show in great variety oil paintings, water colors, engravings, etchings, crayons, statuary and all manner of art work. No house so well equipped in art materials. The season for out-of-door photography is here. We have full supplies. We make moldings and we frame pictures.

STRONG TALK OF BOLT

ALLEN W. CLARK, CHIEF DEMOCRAT SILVERITE, EXPLAINS HIMSELF.

If National Convention Fails to Come Out for "16 to 1" There Will Be Trouble.

Allen W. Clark, of Greensburg, chief of the Democratic Free Silver League, was in the city last evening. Mr. Clark is a studious-looking young man, with gold spectacles, a long, horizontal mustache and a new suit of summer clothes. He has just returned from a trip through Missouri and Arkansas where, he declares, the silver sentiment among the Democrats is overwhelming. "Why, to show the strength of it," said he, "it's only necessary to mention the fact that Dan Jones, the principal candidate for Governor of Arkansas, is making his campaign on the declaration that he will bolt the Chicago convention unless it adopts a straight 16 to 1 platform. And he is likely to be nominated on that platform."

"How about the talk of a bolt in case the platform does not conform to the 16 to 1 idea?" was asked. "We are not discussing such a proposition in our league. How they shall cast their votes will be left to the individuals to decide for themselves. I know what I should do and doubtless others have made up their minds, but we do not discuss it in league meetings and the league as such would take no action."

When asked about the Senate's criticism of his interview in the St. Louis Post-Dispatch, Mr. Clark said: "That I think was all based on a statement attributed to me that I never made, which was to the effect that Indiana Democrats are everywhere adopting resolutions repudiating Cleveland, endorsing Tilden and pledging the party to bolt if silver doesn't succeed in the Chicago convention. I never said anything like that, for it would be absurd. Such resolutions have been adopted by several conventions, but without the knowledge, much less the suggestion, of the Silver League, and my paper, the Greensburg New Era, was the first paper in the State to condemn such resolutions and to insist that the matter of bolting was something each individual was to settle for himself."

Mr. Clark insisted that his only grievance was the Senate's criticism of his interview. He said that the rest of the anti-silver element are entirely too anxious to give out the impression that the Silver Democrats are organizing a bolt. "Who will control the State convention?" The prospects now are most auspicious for the silver people. The recent silver victories in Alabama, Arkansas, Missouri, Michigan, Oregon, Washington and Utah have done much to put back into some who have been wavering. "Oh, there'll be plenty after this question is decided. We Indiana Democrats expect to win out on State issues alone," he said, with a smile.

THE PRIMARIES LAST NIGHT.

Delegates to the Congressional Convention to Be Held To-Day.

Notwithstanding the fact that Representative Overstreet will to-day be nominated by the Republicans of the Seventy-first congressional district by acclamation, the primaries held last night to elect delegates to the convention were well attended. The convention will be held at 1:30 o'clock in the Criminal Court room and Mr. Overstreet will address it. The following is a list of the delegates elected, as far as reported last night:

Second Ward--Richard M. Smock, R. M. Bradbury, J. P. Rokman, Albert Rabb, Sol Kaufmann, J. P. McMurray, W. S. Overstreet.

Third Ward--W. W. Thornton, W. A. Van Buren, W. H. Boyd, Clayton Jones, George Rogers, H. L. Bryson, Kipp Ingersoll and H. L. Born.

Fourth Ward--J. J. Williams, Charles Cheatham, John Jones, J. W. Bowles, Harry Willard.

Fifth Ward--Robert Russell, Wesley Martin, Ira Lowe, M. P. Arnold, James Seward, Webb Heart.

Sixth Ward--Thomas J. Carter, W. A. Bristol, Samuel Fletcher, H. E. Kinney, Hughes W. White, W. E. Rockwood and John Owen.

Seventh Ward--Meritt Wells, J. S. Booth.

C. W. Wheat, H. P. Makepeace, Dr. Omer Taylor, L. E. Morrison, Eighth Ward--C. R. Jones, W. Cline, A. A. Bramwell, Thomas J. Sims, R. B. Oglesbee, L. E. Wilson.

Ninth Ward--J. A. Dunlap, W. D. Morris, Charles Taylor, William Taylor, J. M. McFarland, A. P. Hacker. Tenth Ward--Charles R. Miller, Royal Hammer, Charles A. Willoughby, Jerry Griffin, James Dean. Eleventh Ward--William L. Taylor, Alex. Hess, James R. East, John M. Wall, F. J. Vorhis, R. A. Davis, Captain Paterson. Twelfth Ward--Henry McFarland, Charles Egerton, Patrick Sullivan. Thirteenth Ward--Frank Diller, John W. Marsoe, Sinks Ferguson, Charles Eger. Fourteenth Ward--Frank McLaughlin, Dr. Edward Hervey, George N. Overhiser and Jacob Baughman. Fifteenth Ward--David Crockett, John Pugh, John Maloney.

Not a Candidate for Governor.

A dispatch from Logansport last evening conveyed intelligence of a publication in the Logansport Pharos (Democratic), to the effect that W. D. Owen, Secretary of State, was to be "sprung" on the Republican State convention as a candidate for Governor. "That is pure nonsense," said Mr. Owen, when shown the dispatch last evening. "So far as I know, I shall be renominated for Secretary of State. I am not a candidate for Governor or for any other office."

Fifteenth-Ward Republicans.

The Fifteenth Ward Republican Club elected the following officers last night: President, Ed G. Stott; vice president, A. J. Koppel; secretary, William F. Deakin; corresponding secretary, Chad E. York; sergeant-at-arms, Ernest Beuning.

Political Notes.

Harry O'Brien was chosen as Republican committeeman for the Fifth ward last night. J. W. Baker, of Columbia City, candidate for the Republic, was elected as a delegate to the State convention.

CLAUDE ST. CLAIR'S FRIEND.

No Trace to Eura Rigan, the Missing Haugheville Girl.

Nothing has been heard of Eura Rigan, the eighteen-year-old girl who left her home, at No. 240 Tremont avenue, Haugheville, Monday, to go to the Industrial Training School. The fact developed yesterday that the girl was found well prepared to shoot his way out of jail Monday. St. Clair says that he was engaged to marry the girl, but the young woman's mother denies knowing anything about their acquaintance. St. Clair was asked if the Rigan girl brought him the pistol found on her person Monday. He declares that she did not furnish him the weapons and refuses to tell where he got them.

The janitor at the police station, while cleaning up the cells yesterday, found that a saw had been used on the outer bars. One block of iron had been cut entirely out of the grating. In searching the cells four saws and a rusty razor were found secreted in a closet.

Mrs. Angeline P. Carey's Paper.

Mrs. Angeline P. Carey, instructor in English at the High School, read a paper yesterday afternoon, after school, before the teachers, on "Correction of Compositions." She said that by criticism people were too often led to think of it as finding fault, and so she would call her paper correction, instead of criticism. She spoke of the different methods teachers have, of their equipment for teaching and their aim, many of them differing materially in these points. She touched on sentence, punctuation and paragraph, and said that teachers need constant practice in composition as well as pupils. The subject proposed was discussed after the paper was finished, and there was a diversity of opinion, some in favor and others not.

Brass and Iron Bedsteads--Wm. L. Elder.

A BIG ORDER OF HOSE

BOARD OF SAFETY LETS CONTRACTS AMONG SIX FIRMS FOR 9,600 FEET.

The City Attorney Discovers that the Postal Telegraph Company Has No Franchise.

Last night the Board of Safety bought 9,600 feet of hose, the largest single purchase ever made by the city. It was divided among six firms, each getting an order for 1,600 feet at 60 and 90 cents a foot. The total bill was \$8,000. The "heavy double fabric" referred to in the list below is practically the Baker fabric, of which there are several hundred feet' use in the department. This is the hose that Chief Webster objected to so strongly when it was first purchased in 1891. Col. "Bill" Hicklin was then chairman of the finance committee of the Council and insisted that two thousand feet of this hose be bought. It was purchased and proved to be good, the fire chief says.

The following is the list of purchases: New Jersey Car Spring and Rubber Company, 1,600 feet of "Aurora," at 80 cents, \$1,280; Chicago Fire Hose Company, 1,600 feet "National Jacket," at 80 cents, \$1,280; Boston Woven Hose and Rubber Company, 1,600 feet "Boston Fire Jacket," at 80 cents, \$1,280; Fabric Fire Hose Company, 1,600 feet "Unique," at 90 cents, \$1,440; Eureka Fire Hose Company, 1,600 feet, "Eureka," at 90 cents, \$1,440; Gutta-percha and Rubber Manufacturing Company, 1,600 feet "Heavy Double," at 80 cents, \$1,280.

The board decided that fireman D. R. Foor should be dismissed on account of his strange conduct recently. Oscar Stehlin, Democrat, was appointed in his place.

The board will advertise for summer suits for the police force. H. L. Hewitt offered to sell a lot at the corner of Addison and Washington streets, for \$600. This is one of the three lots selected by the Board of Safety for the location of a new engine house. The offer was referred to the Board of Works, with the recommendation that it be accepted.

Postal Has No Franchise.

A Telegraph Company That Was Anxious to Put in Conduits.

Several weeks ago the Postal Telegraph Company, presumably acting under the provisions of the ordinance requiring that all wires be put under ground, sent to the Board of Works a communication designating where the company desired to place its conduits and asking permission to put them in. The board sent the letter to the city attorney for his advice before answering it. Yesterday Mr. Curtis sent his opinion to the board. He holds that the company has no rights in the city. In 1894 an ordinance was passed granting the Postal company the right to use the streets, but the ordinance provided that it should not be operative until the Merchants' and Bankers' company ceased to exist. The Postal company absorbed the other.

A letter was sent to the Postal company stating the opinion of the city attorney, and with the statement that in the future the Postal company would be considered as a company without any rights in the city. It looks as if this decision and the ordinance compelling the placing of wires under ground will compel the Postal company to ask for a franchise and secure it in the way such things are sold nowadays. The company will not be operative until it has a franchise, and the city will have the right to cut them down in a few months if not sooner.

Eligible for Internes.

The physicians who acted as examiners for the applicants for places as internes at the City Hospital and Dispensary yesterday made their report, showing the following to have passed the examination and become eligible for appointments: R. O. McAlexander (Indiana Medical College), Wilbur Christian (Indiana Medical College), City Hospital; W. D. Schwartz (Indiana Medical College), City Hospital; Ralph Wilson (Central College of Physicians and Surgeons), City Dispensary; J. G. Bergener (Indiana Medical College), City Hospital; A. M. Collins (Indiana Medical College), City Dispensary; Edwin Schmidt (Indiana Medical College), City Dispensary; Max Bah (Central College of Physicians and Surgeons), City Dispensary; H. B. Van Atta (Indiana Medical College), City Dispensary.

Hospital; W. D. Schwartz (Indiana Medical College), City Hospital; Ralph Wilson (Central College of Physicians and Surgeons), City Dispensary; J. G. Bergener (Indiana Medical College), City Hospital; A. M. Collins (Indiana Medical College), City Dispensary; Edwin Schmidt (Indiana Medical College), City Dispensary; Max Bah (Central College of Physicians and Surgeons), City Dispensary; H. B. Van Atta (Indiana Medical College), City Dispensary.

South West-Street Contract.

The contract for paving South West street, from Washington street to South, was awarded to the Indiana Bermudez Asphalt Company by the Board of Works yesterday. This improvement was ordered by the board some time ago and was defeated by remonstrance. It was then sent to the Council and the action of the board was upheld by that body. There were five bidders, the lowest being the Indiana Bermudez Asphalt Company, with Indiana standard block, at \$4.97 a foot. The other bidders were: Daniel Foley, \$5.30; Capitol Paving and Construction Company, \$4.18 to \$5.25; Browder & Shover, \$5.25; Mansfield & Allen, \$5.22.

Will Give Them No Lawns.

Yesterday the Board of Works overruled a remonstrance of the property owners on Liberty street, between Washington and Massachusetts avenue, and took final action on a resolution providing for an asphalt pavement. The resolution provides for a pavement twenty-seven feet wide and the property owners that a portion should be left for lawns. The remonstrance was then referred to the city engineer, to see if it contains enough names to prevent letting the contract.

Final Action Taken.

Final action was taken yesterday on the following improvement resolutions: For asphalt on Senate avenue, from Washington street to Kentucky avenue. For block pavement on Michigan street, from Washington street to East street. For brick sidewalks on Quincey street, from Michigan avenue to Bates street. For gravel roadway, brick gutters and cement sidewalks on Frances street, from Northwestern avenue to the Big Four tracks. For local sewer in the first alley east of Park avenue.

Claypool Annexation Case.

The case was oral argument in the Supreme Court yesterday in the Claypool annexation case. The cause involves the right of a non-resident land owner to remonstrate to annexation. J. H. Claypool owns land north-east of the city, which was annexed over his objection. His position was sustained in the lower court, and the case is now in the Supreme Court.

Petitions for Water Mains.

Petitions for water mains in Douglas street, from Michigan to North, and in Meridian, from Twenty-fifth to Twenty-sixth streets, were filed with the Board of Works, but not acted on.

A resolution was adopted yesterday for a cement sidewalk on the south side of English avenue, from State avenue to the Big Four tracks. No action was taken.

Sidewalk Remonstrance.

"Benjamin Harrison" was among the names signed to a remonstrance against building cement sidewalks on Delaware street, from Morison to Seventh, which was filed with the Board of Works yesterday.

An Overdose of Morphine.

Mrs. Elizabeth Henry, of 31 Rockwood street, died yesterday morning from an overdose of morphine. Coroner Cantor was notified of the case and investigated the woman's death. He learned that Mrs. Henry was accustomed to taking morphine and that some time during the night she took an unusually large portion. She was sixty-five years of age and lived with her daughter.

Winona and Cones College.

Officers of the Winona Assembly announce the statement that Cones College, Indiana's Leading Jesuit School,

is to be removed from Terre Haute to the neighborhood of Winona is rather premature. No steps have yet been taken looking to that end, but the matter has been discussed freely unofficially. The Winona Assembly has not authority to remove the college, but there are members who would like to see the college taken there. The establishment of an old ministers' home is also a project of the future, but nothing more than informal consideration has been given the matter as yet.

Boys' Club Entertainment.

A pleasant entertainment was arranged for the members of the Boys' Club last evening at the clubrooms, on Court street. Mrs. David Gibson gave two piano numbers. Mrs. J. C. Buchanan sang and Miss Ruby Yeaton recited. Miss Virginia Smith gave a graceful exercise with Indian clubs to piano accompaniment, followed by a partonimo performance. Cake and lemonade was served to the boys. The club is now under the superintendency of Miss Alice Graydon, who is working hard to improve the condition of the many friendless boys in the city.

Governor Goes to Kentucky.

Governor Matthews left last night for Kentucky, where he will remain until he can regain his strength. Since his illness the Governor's improvement has been slow, but he thinks that after a week's visit to the scenes of his childhood he will be himself again.

Dunlap's Celebrated Hair.

Harrison Buttons.

The "Harrison and Success, 1896" button now ready for distribution. Dealers promptly supplied. Address A. & B. 34 Talbot Block, Indianapolis, Ind.

I. D. & W. and Clover Leaf Boute.

Has through sleeping and parlor cars to St. Louis, Pa., \$2.00 Ticket office, Union Depot and 124 North Illinois street.
